TAC Energy Solutions

LEED/Sustainable Design/Performance Contracting

We Deliver Enduring Performance

- 1 Knowledge
- 2 Experience
- 3 Commitment
- 4 Passion

t.a.c. 

Partnership Approach

- Help you meet your goals
- Help you move your facilities forward

LEED/Sustainability

- TAC is committed to the USGBC and LEED
- Each project is commissioned to ensure that the facilities are operating properly.
- Only ESCO with DEB contracts to provide both commissioning and performance contracting services

LEED/Sustainability

- TAC's Seattle Office seeking LEED-CI Certification
 - Adaptive reuse of existing building
 - Building in close proximity to public transportation
 - Bicycle storage & changing rooms and car share on site
 - Energy Star appliances
 - Use of rapidly renewable materials in furniture
 - Carpeting and furniture includes:
 - > 20% recycled content (post-consumer + 1/2 pre-consumer)
 - > 20% manufactured regionally

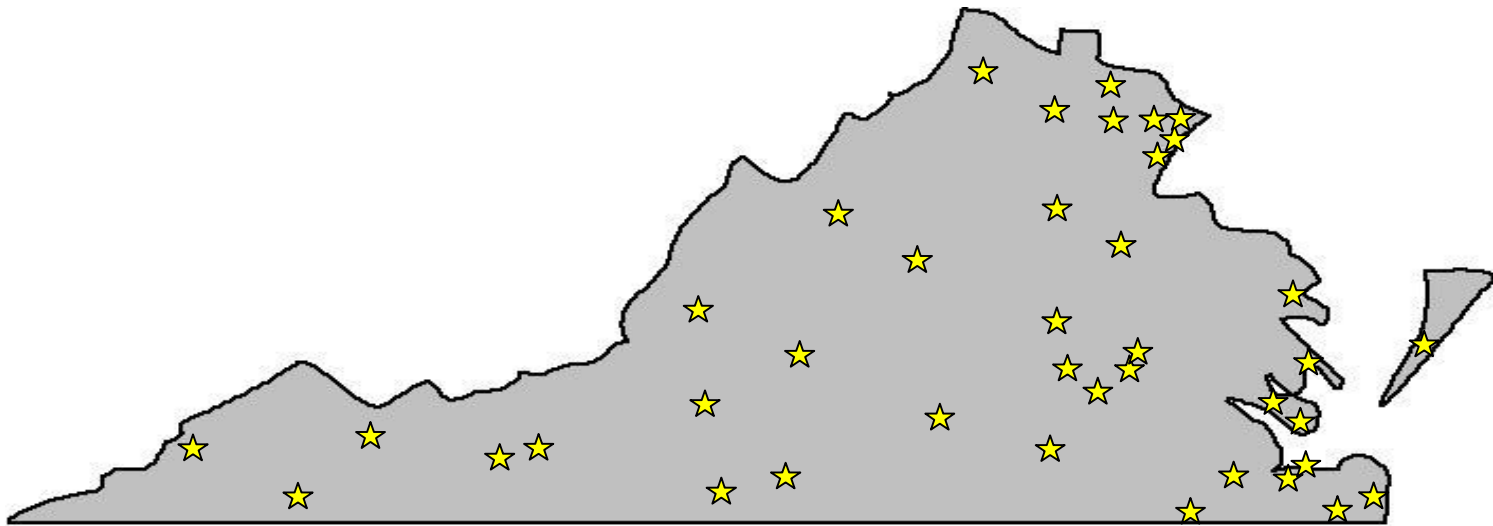

Performance Contracting - USA

- Performance Contracting Division since 1992
- Over 300 projects nationwide
- Subsidiary of Schneider Electric
 - \$15.5 Billion Power and Control Company

Performance Contracting - VA

- **Over 35 projects in development, construction, or completed**
 - K-12 Schools
